

J115

HAND SOAP / BODY WASH

TRAINING INSTRUCTIONS:

USE:

This ready to use HAND SOAP / BODY WASH was especially formulated to be gentle and thorough. The rich lather leaves hands and body soft and refreshed. This product may be used in most hand soap dispensers and is ideal for all types of facilities.

DIRECTIONS:

For hand washing, apply an amount about the size of a dime to wet hands, rub hands together to work up a rich lather and rinse. For body washing apply a small amount to wet wash cloth. This product may also be used as shampoo. **NOTE: Improper use may result in damage to surfaces and increase the risk of human health effects.**

RECYCLABLE PACKAGE:

This package can be diverted from the waste stream through available processes and programs, and can be collected, processed, and returned to use in the form of raw materials of products.

HAZARD STATEMENTS: Causes serious eye irritation.

PRECAUTIONARY STATEMENT-PREVENTION:

Wash face, hands and any exposed skin thoroughly after handling.

PRECAUTIONARY STATEMENTS-RESPONSE:

IF IN EYES: If eye irritation persists, get medical advice/attention.

PRECAUTIONARY STATEMENTS-DISPOSAL:

Dispose of excess or unused contents/containers to an approved waste disposal plant in accordance with applicable regional, national and local laws and regulations.

INDIVIDUAL PROTECTION MEASURES, SUCH AS PERSONAL PROTECTIVE EQUIPMENT:

Eye/face protection: Avoid contact with eyes.

Skin and body protection: Chemical resistant gloves are not required for intended use. Use body protect appropriate to task being performed. If necessary, refer to appropriate Standards of Canada and U.S. OSHA 29 CFR 1910.138.

Respiratory protection: Ensure adequate ventilation, especially in confined areas.

General hygiene considerations: Handle in accordance with good industrial hygiene and safety practice.
